Aptitude Solutions Announces New Representative in Indiana

Maitland, Fla. – (May 2009) – Aptitude Solutions, Inc., a division of Lender Processing Services, Inc. (LPS) and leading provider of innovative technology solutions for county government, including OnCore county recording and workflow management systems, tax deed filing systems, document management systems and court case management systems, today announced that Mark Ramer has joined its Aptitude Solutions division as the Indiana and Great Lakes Account Manager, responsible for software, services, and sales to county Clerks and Recorders in those states.

Before joining Aptitude Solutions, Ramer had been working in the county government arena for several years. Mark most recently left Affiliated Computer Systems (ACS), to represent Aptitude Solutions in the state of Indiana and Great Lakes area. Prior to that, he spent many years working with county government software providers, delivering solutions to county recorders across the country. He was responsible for the implementation and services management throughout the sales and conversion processes, geared to automating customer systems.

Mark is now an Account Manager providing software solutions on behalf of Aptitude Solutions for county recording and courts, and brings his seasoned experience in the development and implementation of customized automation solutions for county clerks and recorders across the country.

Mark's experience in sales management and services oriented roles provides him with a solid background to provide recorders and courts with current methodologies for automating their offices with advanced software solutions and workflow procedures.

"We're pleased to have Mark representing Aptitude in Indiana and throughout the Great Lakes area. He brings extensive knowledge of the functions in county government to our team," said Tim Nemethy, Vice President of Sales for Aptitude Solutions. "Mark has a established relationships with his client base and is ready to deliver products that will increase efficiencies and help county governments better serve the public"
