

Press Release

Clarendon County South Carolina Register of Mesne Conveyances to Implement Aptitude Solutions' OnCore Recording System

Maitland, Florida -- (March 26, 2008) -- Aptitude Solutions, a division of Fortune 500 company Fidelity National Information Services, Inc. (NYSE:FNF) and leading provider of innovative technology solutions for county government, including OnCore county recording and workflow management systems, tax deed filing systems, document management systems and court case management systems, today announced the Clarendon County, South Carolina Register of Mesne Conveyance office to implement OnCore Recording System.

With OnCore's unique workflow capabilities, Clarendon County will be able to offer immediate document turn-around for all walk-in customers. In addition, OnCore's online linking will allow the public instantaneous access to their recorded documents through the system's dynamic interaction to the web. The recording software's web interface enables up-to-the-minute searching and image viewing from home or office. Migrating to Aptitude Solutions' OnCore System assures that the Clarendon County Register's office employees and searchers will have the most up-to-date technology designed specifically for the digital realm and electronic recording. Aptitude Solutions' policy to provide enhancements packaged in regular updates to all OnCore customers allows everyone to benefit from new ideas and quality features.

The Clarendon County Register of Mesne Conveyances Linda Ard comments, "My staff and I are very excited to be working with Aptitude Solutions. The OnCore recording system is very user friendly and efficient for all of our recording needs. We look forward to the benefits it will bring to our staff and also to the public with a faster return time, along with the document accessibility it will provide for the public."

OnCore utilizes up-front scan technology that completely digitizes the official record indexing and recording process, thus reducing internal paper flow and expediting the document recording workflow. These added solutions enhance automation in the overall recording process by increasing accuracy and accessibility of the data.

President, Paul Miller comments, "We are pleased that Clarendon County represents our 3rd county in South Carolina. This opportunity brings Aptitude Solutions industry-leading solutions to an innovative and forward-thinking county in South Carolina, enabling Clarendon County to gain improved efficiency and productivity."
