## Douglas County, Washington Auditor Recording Office Live with Aptitude Solutions' OnCore Recording System

**Maitland, Florida (May 2009)** - Aptitude Solutions, Inc., a division of Lender Processing Services, Inc. (LPS), and leading provider of innovative technology solutions for county government, including OnCore county recording and workflow management systems, Tribute tax deed filing systems, and ShowCase court case management systems, today announced that its Aptitude Solutions division is live in production with Aptitude Solutions' OnCore Recording Software with the Douglas County, Washington Auditors' office.

Douglas County represents the fourth county in Washington State to fully implement the OnCore solution, taking advantage of OnCore's unique features and advanced technology. Douglas County is utilizing OnCore's scan-first technology, enabling the Auditors' office to seamlessly scan documents and process them through digital workflow queues. With OnCore's workflow capabilities, Douglas County Recording now offers immediate document turn-around for all walk-in customers. In addition, OnCore's online linking allows the public instantaneous access to their recorded documents through the system's dynamic interaction to the web. The recording software's web interface enables up-to-the-minute searching and image viewing from home or office.

*Douglas County, Washington Auditor, Thad Duvall states, "This has proven to be an extremely rewarding project for our entire staff. This installation and conversion has been the smoothest transition to new software that we have experienced. Aptitude's project management team delivered a stellar implementation from training and conversion, all the way through production and post go-live support."*

Migrating to the new OnCore System assures that the Douglas County Auditors' office employees and searchers have the most up-to-date technology designed specifically for the digital realm. Aptitude Solutions' policy to constantly re-invest in their software allows all customers to benefit from the delivery of new ideas and quality enhanced features.

*Executive Vice President, Paul S. Miller states, "Douglas County's installation of the OnCore Recording system represents a tremendous milestone toward service-oriented technology for all land records in the state of Washington. Aptitude's goal to deliver well architected software, proven conversion processes, and exceptional customer services continues to increase business as new counties join the Aptitude family."*
