Franklin County, Washington Auditor to Implement Aptitude Solutions OnCore Recording System and Automated Indexing

Maitland, Florida -- (October 16, 2007) -- Aptitude Solutions, a division of Fortune 500 company Fidelity National Information Services, Inc. (NYSE:FNF) and leading provider of innovative technology solutions for county government, including OnCore county recording and workflow management systems, tax deed filing systems, document management systems and court case management systems, today announced Franklin County, Washington Auditor's office to implement OnCore Recording System and aiIndex Automated Indexing.

With OnCore's unique workflow capabilities, Franklin County will be able to offer immediate document turn-around for all walk-in customers. In addition, OnCore's online linking will allow the public instantaneous access to their recorded documents through the system's dynamic interaction to the web. The recording software's web interface enables up-to-the-minute searching and image viewing from home or office. Migrating to Aptitude Solutions' OnCore System assures that the Franklin County Auditor's office employees and searchers will have the most up-to-date technology designed specifically for the digital realm and electronic recording. Aptitude Solutions' policy to provide enhancements packaged in regular updates to all OnCore customers allows everyone to benefit from new ideas and quality features.

Franklin County Auditor Zona Lenhard states, "Choosing Aptitude Solutions and OnCore proves our continuing commitment to providing our staff and our county with leading edge technology. These systems can only make our office more efficient internally and effective in servicing our public constituents."

In addition, Franklin County will also take advantage of OnCore's aiIndex (Automated Indexing) technology, which is fully integrated with the OnCore Recording System. OnCore utilizes up-front scan technology that completely digitizes the official record indexing and recording process, thus reducing internal paper flow and expediting the document recording workflow. These added solutions enhance automation in the overall recording process by increasing accuracy and accessibility of the data.

Aptitude Solutions President Paul Miller comments, "Franklin County is the first West Coast County for Aptitude Solutions and also represents our very first county within Washington State. Zona shares a vision of improved customer service and offering the best technology available to her staff and the public. We are thrilled to bring Zona and her team in Franklin County into our OnCore family."
