## Horry County, South Carolina Register of Deeds Implements Aptitude Solutions' OnCore Recording System

**Casselberry, Florida (May 4, 2007)** - Aptitude Solutions, a division of Fortune 500 company Fidelity National Information Services, Inc. (NYSE:FIS) and leading provider of innovative technology solutions for county government, today announced that Horry County South Carolina has implemented Aptitude Solutions OnCore Recording system. In addition, Horry County also plans to take advantage of OnCore's aiIndex technology in the near future, which will enable the Register of Deeds office to seamlessly scan documents and then index the real estate deed information without manual intervention.

Horry County, the largest county in the state of South Carolina by recording volume, was the first in the state to implement OnCore, a system used by 45 county government offices for electronic land records indexing and eRecording. "When selecting a new software vendor, I had to be sure that the integrity of the Horry County Records would be safe and guarded with the transition. Aptitude Solutions has very knowledgeable staff members and I knew from the start that this company would be able to fulfill my expectations. Our index records and digital images were converted intact in a very timely manner. Our professional searchers are very pleased because it gives them the ability to fine tune their searches with desired results."

With OnCore's unique workflow capabilities, Horry County offers immediate document turn-around for all walk-in customers. In addition, OnCore's online linking will allow the public instantaneous access to their recorded documents through the system's dynamic interaction to the web. The recording software's web interface enables up-to-the-minute searching and image viewing from home or office. Migrating to the new OnCore System assures that the Horry County Register of Deeds office employees and searchers will have the most up-to-date technology designed specifically for the digital realm. Aptitude Solutions' policy to provide enhancements packaged in regular updates to all OnCore customers allows everyone to benefit from new ideas and quality features.

*Horry County Register of Deeds Ballery V. Skipper states, "The staff members are delighted with the easy work flow of the electronic paperless system. Their daily job duties have been streamlined and their work load lessened. With this system I am very confident that the public receives quality customer service along with public research records they can trust."*

*Executive Vice President, Paul S. Miller explains, "We are very excited to have the opportunity to work with Horry County, and are proud that they represent the first county in South Carolina to implement OnCore. This opportunity brings Aptitude Solutions industry-leading solutions to an innovative and forward-thinking county in South Carolina, enabling Horry County to gain improved efficiency and productivity".*
