

Press Release

Levy County, Florida Clerk of the Circuit Court to implement Aptitude Solutions' OnCore Recording System

Casselberry, Florida (May 29, 2007) - Aptitude Solutions, a division of Fortune 500 company Fidelity National Information Services, Inc. (NYSE:FIS) and leading provider of innovative

technology solutions for county government, today announced that Levy County Florida will implement Aptitude Solutions OnCore Recording system. In addition, Levy County also plans to take advantage of Aptitude's Tribute Tax Deed System, Ovation Court Imaging System, aiINDEX and aiREDACT.

With OnCore's unique workflow capabilities, Levy County will be able to offer immediate document turn-around for all walk-in customers. In addition, OnCore's online linking will allow the public instantaneous access to their recorded documents through the system's dynamic interaction to the web. The recording software's web interface enables up-to-the-minute searching and image viewing from home or office. Levy County will also incorporate the Marriage Kiosk feature into their web. The Marriage Kiosk will allow customers to enter their required information so the transaction can be processed even before the customer reaches the front counter for cashing.

Migrating to the new OnCore System assures that the Levy County Clerk of the Circuit Court office employees and searchers will have the most up-to-date technology designed specifically for the digital realm. Aptitude Solutions' policy to provide enhancements

packaged in regular updates to all OnCore customers allows everyone to benefit from new ideas and quality features.

In addition to OnCore, Levy County plans to implement the Tribute Tax Deed System and Ovation Court Imaging. Tribute will allow the County to create and track all tax deed files electronically from the beginning of the process to the final disbursement of tax deed funds. The imaging feature within Tribute will allow the County to post all files and sale dates on the internet for public access and viewing. This feature alone will eliminate a great deal of foot traffic in the office and excessive handling of the paper file. Ovation also allows for the posting of Court image files to the web. This will allow for quick searches of court case files and instant viewing of the case file with supporting docket information.

Levy County is the 26th county in Florida to join the Aptitude Solutions family. Everyone at Aptitude is excited about the level of interest Levy County has taken in the Aptitude product line and looks forward to working with the Clerk and staff at the Levy County Clerk of Courts office.

Executive Vice President, Paul S. Miller explains, "Levy County represents our 26th County in Florida. Everyone at Aptitude is excited to have the opportunity to work with Levy County, Florida. This opportunity brings Aptitude Solutions industry-leading solutions to an innovative and forward-thinking county in Florida, enabling Levy County to gain improved efficiency and productivity".
