Montrose County Colorado Clerk and Recorder Live with Aptitude Solutions' OnCore Recording System

Maitland, Florida -- (August 6, 2007) -- Aptitude Solutions, a division of Fortune 500 company Fidelity National Information Services, Inc. (NYSE:FNF) and leading provider of innovative technology solutions for county government, including OnCore county recording and workflow management systems, tax deed filing systems, document management systems and court case management systems, today announced the implementation in Montrose County, Colorado Clerk and Recorder's Offices with complete recording software technology.

Montrose County is the 9th County in Colorado to implement Aptitude Solutions' OnCore recording platform, a system used by county government for electronic land records indexing and eRecording.

The OnCore system's scan-first technology allows the County to image all documents coming into the county immediately, creating a digital work environment for reception number stamping, quality checks, indexing, and verification. The initial scan minimizes paper handling in additional areas by enabling employees to instantly scan miscellaneous papers such as cover letters, check payments, and secure marriage applications accessible by authorized staff.

Montrose County Clerk and Recorder, Fran Tipton-Long comments, "We are thrilled to have gone live with the OnCore Recording System! This milestone represents a long-term goal for the County to provide improved customer services and automation through software efficiencies."

As recording volumes grow, OnCore' will help Montrose County maintain their quality of service and instant recording turnaround as they move into the future.

President, Paul Miller explains, "Aptitude Solutions is very excited, to have Montrose County as our 9th Colorado County and we all look forward to a long term relationship of providing Montrose County with state of the art software and customer service support."

Aptitude Solutions is headquartered in Maitland, Florida. For more information about Aptitude Solutions, call 866.278.4765 or visit www.aptitudesolutions.com.
