Nevada County California Clerk -Recorder's Office Signs with Aptitude Solutions for OnCore Recording System

Maitland, Florida -- (November 20, 2008) -- Aptitude Solutions, a division of Lenders Processing Services, Inc. (NYSE:LPS) a leading provider of innovative technology solutions for county government, including OnCore county recording and workflow management systems, tax deed filing systems, document management systems and court case management systems, today announced the contract signing in the Nevada County, California Clerk & Recorders office for complete recording software technology, electronic recording, automated indexing and redaction software.

Nevada County, California is the 1st County in California to implement Aptitude Solutions' OnCore recording platform, a system used by county government for electronic land records indexing and eRecording.

After an in depth RFP (Request for Proposals) process, Nevada County selected Aptitude Solutions to provide a software package that would make the County's technology goals attainable. The new system offers the ability to handle high volume recording, including increased automation and detailed audit checks, improving the staff experience and customer service in the recording office and public search arena.

Nevada County Clerk - Recorder Gregory J. Diaz comments, "After reviewing several systems Aptitude proved to be the top selection. This solution will provide Nevada County with State of the art Technology—and will allow Nevada County to meet legislative requirements for Redaction and to commence eRecording. This software solution will allow the public to better obtain the information they need and will enable our staff to serve the public with greater efficiency."

The Nevada County Clerk - Recorder's office has also contracted to take advantage of automated redaction and automated indexing OCR (Optical Character Recognition) technologies. aiREDACT and aiINDEX are both seamlessly integrated with the OnCore Recording System. aiREDACT captures redaction candidates as documents are recorded. This solution is will enable Nevada to meet the redaction requirements as stated in AB1168 Social Security truncation program. aiINDEX automates the indexing process, thus increasing accuracy and accessibility of the data.

President, Paul Miller comments, "Nevada County represents Aptitude Solutions first County in California. The professional and courteous employees of Nevada County have been a pleasure to work with. Greg shares a vision of improved customer service and offering the best technology available to his staff and the public. We look forward to a long relationship of serving Clerk - Recorder Greg Diaz and his staff ."
