Palm Beach County Clerk & Comptroller to Implement Lender Processing Services Aptitude Solutions' OnCore Acclaim Recording System

*Aptitude Solutions' OnCore Acclaim Software to Offer Quicker,
Secure Access to Land Records Information*

JACKSONVILLE, Fla. (April 29, 2010) – The Aptitude Solutions division of Lender Processing Services, Inc. (LPS), a leading provider of integrated technology and services to the mortgage industry and government agencies, today announced that the Clerk & Comptroller in Palm Beach County, Fla., has selected LPS Aptitude Solutions' OnCore® Acclaim™ land records recording software for its official records management.

The system will improve the efficiency, productivity and workflow of Palm Beach County recording, while offering secure access to land records information for the public. The Clerk & Comptroller's office, which serves nearly 1.3 million residents in the nation's 29th most populous county, will use OnCore Acclaim to modernize Palm Beach County's official records system, which averages more than half a million new document recordings each year. Because OnCore Acclaim's technology is scalable and comprehensive, it can support recording workloads of any size.

The software includes electronic recording, scan-first imaging technology, digital document stamping, flexible workflow, complete financials/cashiering, index/verification, and search capabilities, as well as Web tools that provide instant, secure access for all constituents. Integrated redaction technology utilizes privacy protection for sensitive document information. The OnCore Acclaim system also facilitates fast and easy access to information via an open architecture that improves interdepartmental communications.

“Aptitude Solutions' Official Records System will provide a cost-effective means for updating our software and streamlining our workflow in the Recording Office, as well as providing a system that will integrate with our ShowCase™ Court Case Management Software,” said Clerk & Comptroller Sharon Bock. “Once both systems are implemented, we expect to see great gains in efficiencies through seamless integration and electronic recording of court records.”

“Aptitude Solutions is dedicated to delivering a successful implementation of our OnCore Acclaim recording system, which deploys state-of-the-art service-oriented architecture and .NET technologies. Through our partnership with the Clerk and Comptroller, we expect to install a tightly integrated and comprehensive software package with delivery of both the OnCore Acclaim
