

## Press Release

### Pickens County South Carolina Register of Deeds to implement Aptitude Solutions' OnCore Recording System

**Casselberry, Florida (August 20, 2007)** - Aptitude Solutions, a division of Fortune 500 company Fidelity National Information Services, Inc. (NYSE:FIS) and leading provider of innovative technology solutions for county government, today announced that Pickens County South Carolina will implement Aptitude Solutions OnCore Recording system. After an extensive Request for Proposal process, Pickens County will become the 2nd County in the state of South Carolina to implement Aptitude Solutions' OnCore recording platform, a system used by county government for electronic land records indexing and eRecording. In addition, Pickens County also plans to take advantage of OnCore's aiINDEX technology in the near future. Specifically designed to increase productivity while improving data accuracy and consistency in the OnCore Recording System, aiINDEX reduces the number of manual keystrokes needed for entering index data into OnCore. As a result, the indexer can focus more attention on verification, quality assurance and increased production. With OnCore's unique workflow capabilities, Pickens County will be able to offer immediate document turn-around for all walk-in customers.

*Pickens County Register of Deeds Paul McGuffin states "We researched many companies when deciding on a vendor to meet all of our recording and scanning needs. Aptitude Solutions provides just that, efficient and customizable software that optimizes the county workflow. The people at Aptitude all have a "can do" attitude and provide solutions that exceed our expectations. Choosing OnCore demonstrates the philosophy of Pickens County's progressive stance on utilizing the latest technology to provide better services to our citizens."*

In addition, OnCore's online linking will allow the public instantaneous access to their recorded documents through the system's dynamic interaction to the web. The recording software's web interface enables up-to-the-minute searching and image viewing from home or office. Migrating to the new OnCore System assures that the Pickens County Register of Deeds office employees and searchers will have the most up-to-date technology designed specifically for the digital realm. Aptitude Solutions' policy to provide enhancements packaged in regular updates to all OnCore customers allows everyone to benefit from new ideas and quality features.

*Executive Vice President, Paul S. Miller says, "We are pleased to announce that Pickens County represents the 2nd County in South Carolina to join Aptitude Solutions. We are very excited about the opportunity to work with such a technology driven county. We look forward to the future and building a long lasting partnership."*
