Pitkin County Clerk and Recorder Live with Aptitude Solutions' OnCore Recording System

Maitland, Florida -- (August 6, 2007) -- Aptitude Solutions, a division of Fortune 500 company Fidelity National Information Services, Inc. (NYSE:FNF) and leading provider of innovative technology solutions for county government, including OnCore county recording and workflow management systems, tax deed filing systems, document management systems and court case management systems, today announced the implementation in Pitkin County, Colorado Clerk and Recorder's Offices with complete recording software technology.

Pitkin County is the 10th County in Colorado to implement Aptitude Solutions' OnCore recording platform, a system used by county government for electronic land records indexing and eRecording. Pitkin County will now be able to take advantage of OnCore's built-in standard ability to receive electronic recordings from submitters located in Colorado and across the country.

Pitkin County Clerk and Recorder, Janice Vos-Caudill comments, "After an extensive review process, we are extremely excited to have selected and implemented Aptitude Solutions' OnCore Recording Software. This new technology offers us new ways to streamline our workflow and provide improved efficiency gains for our public."

The incorporation of eRecording also offers incentives to title companies and other submitters in the way of speed, accuracy, and secure document processing. As recording volumes grow, OnCore will help Pitkin County maintain their quality of service and quick recording turnaround as they move into the future.

President, Paul Miller explains, "We are very excited, to have Pitkin County as part of our OnCore Family. This opportunity brings Aptitude Solutions' industry-leading solutions to an innovative and forward-thinking County. We look forward to our continued commitment to Pitkin County Clerk and Recorder's office with state of the art technology."
