

## Press Release

### **Pulaski County, Arkansas Circuit Clerk Live with Automated Indexing and Redaction**

**Maitland, Florida (September 22, 2008)** - Aptitude Solutions, a leading provider of innovative technology solutions for county government, today announced the implementation of Automated Indexing (aiINDEX) and Automated Redaction (aiREDACT) Technology in Pulaski County, Arkansas Circuit Clerk Offices.

Pulaski County, Arkansas Circuit Clerk office has taken advantage of the aiINDEX technology, which is fully integrated with the OnCore Recording System. OnCore utilizes up-front scan technology that completely digitizes the official record indexing and recording process, thus reducing internal paper flow and expediting the document recording process. These added solutions enhance automation in the overall real estate recording process, thus increasing accuracy and accessibility of the data.

In addition to aiINDEX, Pulaski County has implemented aiREDACT automated redaction. aiREDACT allows for the automatic location and redaction of sensitive candidates. aiREDACT is compliant with State standards for the redaction of sensitive personal information such as social security numbers, bank account numbers, date of birth, driver's license numbers, and more.

With aiINDEX added to the Clerk's OnCore system, Pulaski County can take advantage of Optical Character Recognition (OCR) technology, which enables them to seamlessly scan documents and index official record document information without manual intervention.

As recording volumes grow, OnCore's aiINDEX will help Pulaski County maintain their quality of service and efficient recording turnaround as they move into the future.

Aptitude Solutions is headquartered in Maitland, Florida. For more information about Aptitude Solutions, call 866.278.4765 or visit [www.aptitudesolutions.com](http://www.aptitudesolutions.com).

*President, Paul Miller explains, "We are very excited that Pulaski County Circuit Clerk continues to be committed to the latest technology. The efficiencies gained by Pulaski County Circuit Clerk are evidence of the product's strength in the recording environment."*
