San Diego County Assessor/Recorder/County Clerk to Implement LPS Aptitude Solutions' OnCore® Acclaim™ Recording System

*Aptitude Solutions' OnCore Acclaim Software to Offer Quicker,
Secure Access to Land Records Information*

JACKSONVILLE, Fla. – (May 3, 2010) – The Aptitude Solutions division of Lender Processing Services, Inc. (LPS), a leading provider of integrated technology and services to the mortgage industry and government agencies, is proud to announce that David L. Butler, the Assessor/Recorder/County Clerk in San Diego County, Calif., has selected LPS Aptitude Solutions' OnCore Acclaim land records recording software for its official records management.

Following a detailed Request for Proposals (RFP) process, the San Diego County review committee evaluated all respondents and contracted with LPS Aptitude Solutions to provide the OnCore Acclaim system for the recording and capture of real estate, vital records and County Clerk documents. OnCore Acclaim will also maintain document data and images, provide redaction capability as well as provide both internal and public-facing search and retrieval functionality. With its robust and comprehensive feature set, the system calculates and collects fees and includes completely integrated accounting.

The system's open architecture enables seamless interfacing with other entities, including complete electronic recording capabilities. As part of this contract, Aptitude Solutions will also provide workflow evaluation, process improvement, hands-on training seminars, and migration of legacy data into the new system.

“After an in-depth review of software systems and competitive bid analysis, Aptitude Solutions proved to offer the most comprehensive and cost-effective product feature set,” said Assessor/Recorder/County Clerk, David L. Butler. “Our review process unveiled a responsive vendor who engages in their customer demands and delivers both product and service that outshine the rest.”

The OnCore Acclaim system will revolutionize the recording workflow through efficiency gains from a scan-first imaging technology, which includes digital document stamping, flexible workflow, complete financials/cashiering, index/verification, and search capabilities, as well as Web tools to provide instant, secure access for all constituents. Integrated redaction technology maintains privacy protection for sensitive document information. The OnCore Acclaim system also facilitates fast and easy access to information through integration techniques that better facilitate interdepartmental communications.

Lender Processing Services' Aptitude Solutions Announces OnCore Acclaim Implementation in San Diego County, California Assessor/Clerk/Recorder's Office
